By 1 o'clock the lake and moon were left behind and the car was on its way. The scene of the dinner was largely due to the efforts of W. J. Goudreau, A. King and M. S. May.

#### WILL ALL GO TO THE FAIR.

Judges and Clerks Will All Visit the Big Show.

What to do for a vacation is not bothering the fellow who does not get more than one or two weeks vacation of the daily grind of bread winning. The man who cannot have more than two weeks' vacation will surely go to the world's fair. These have longer vacations will go to the lake for two or three weeks, but the balance of his time will be spent at some summer resort. Of the latter class are the judges of the various courts. Judges Grove and Adair of the circuit courts will take a month of six weeks' recreation and each will spend some time at the fair. They will take a week in July or August for the fair and will seek some cool corner and rest for the balance of the time.

## IT IS DECLARED OFF

No Fourth of July Matinee Will Be Held by the Horsemen.

#### FLYING JIB AND HAL POINTER

Mr. Salisbury is in the City and Discusses a Horse Between the Two Green Pastures—Sport Notes.

The Fourth of July matinee of the Driving club has been declared off. Cars could not be procured to carry the crowd, and without good facilities for transportation there was no use in trying to hold a matinee. The railroads could not give a decision regarding cars before Thursday and were inclined then to believe it would be unprofitable. Even if a favorable answer could have been received Thursday, it would be too late to prepare for the matinee.

Mr. Salisbury, the noted California horseman, arrived in The Morton yesterday afternoon. Mr. Salisbury sustained an accident some time ago, and is laid up from the injuries. It is a very difficult matter for him to get around; but he endures his temporary misfortune with fortitude.

"I can't tell you what my horse will do," said he to a reporter for The Herald; "but they're as fine a string as I ever brought east. Flying Jib never was better, and I have great confidence in his ability to pace with any horse on earth. I'm not talking about two minutes miles, or anything like that; but it is my opinion that he can get just as close to it as any of them. I am looking for a chance to match the Jib against Hal Pointer. I'm not afraid of the result if they ever pace."

Kelly Offers a Suggestion. "Better include Mascotte in that too," said Kelly, the trainer of the stable. "Let 'em all get away together and see which 'll get the dough."

"I decided not to bring Direct with me on this trip," continued Mr. Salisbury. "I will look after the pacing horse of the stable. Directus is in the form and we are looking for some good work from him. Whitecap is an unknown quantity. He may develop later. He's shown good speed, but he's green and nobody under the light of heaven can ever guess what a green horse will do. Whitecap is like some horse. He hasn't any more brains than he absolutely needs. But he may be a fast horse for all that. He's no Jib, though. There's never been any other Jib. He was as green last year as Whitecap is now, but he's once in a generation that a horse shows up as he has."

Mr. Salisbury will remain in Grand Rapids until July 15.

Samuel A. Browne, of Kalamazoo, arrived in The Morton last night to look after the Kalamazoo Stock farm's horses that are in training at the track. Mr. Browne has thirteen there now, and will bring up seven or eight more this morning. Altogether there are about 100 horses now in training at the track and more are coming nearly every day. By July 1 there will be at least 125 there. S. W. Browne, of Cedar Springs, has written to Assistant Secretary Martin stating that he will be down in a few days with ten colts.

## IS LIFE WORTH THE LIVING?

It is, When Not Made a Burden by Disease—God's Best Gift is Health—Treasure It Carefully for He Who Has Not Health Has Nothing.

Cataract, that scourge of this climate, hovers continually over every city and nestles treacherously in every hamlet. It flies with vampire wings from country to country, and casts a black shadow of despair over all. Its stealthy approach and its lingering stay make it a dread to the physician and a pain to the patient. It changes the merry laugh of childhood to the wailing howling of grief, and the song of the blushing maiden to the hollow cough of consumption. In its withering grasp the rounded form of a fond wife and mother becomes gaunt and spectral, and the healthy flush of manhood turns to the sallow, haggard visage of the invalid. Cough takes the place of conversation, speech gives way to spitting, the relative odors of chronic catarrh poison the kiss of the loveliest lover, and the thickened membrane bedimmed sight, impair hearing and destroy taste, and the fresh work in heart disease or consumption. No tissue, function or organ of the body escapes its ravages, muscles wither, nerves shatter, and man becomes a physical wreck under its blighting influence. Delay is dangerous, and if you have any symptoms of this dread disease you should at once consult Dr. Copeland and Graham at their office, No. 192 East Fulton street, this city. IT COSTS YOU NOTHING FOR CONSULTATION AND EXAMINATION.

#### RESTORED TO HEALTH,

After Many Attempts, and Almost Giving Up in Despair.

Mr. W. H. Van Loon, residing at No. 161 Ottawa street, is a gentleman too well known to need any introduction to the citizens of Grand Rapids, having lived here all his life, he has literally grown up with the city, and is employed at present by the well-known firm of Herkey & Gay.

His system of mail treatment by means of symptom blank and correspondence is as perfect and effective as our office work. The charge is the same—\$5 a month covers everything, including medicines. Write for symptom blank to Dr. Copeland and Graham, 192 East Fulton street, Grand Rapids, Mich.

ALL PATIENTS WILL BE TREATED UNTIL CURED FOR \$5 PER MONTH. THIS INCLUDES CONSULTATION, EXAMINATION, TREATMENT AND MEDICINE FOR ALL PATIENTS AND FOR ALL DISEASES.

Dr. W. H. Van Loon, 161 OTTAWA STREET.

He but voices the sentiments and opinions of scores of others who have been cured by Dr. Copeland and Graham when he says: "Yes, sir, it is true that I have been cured by Dr. Copeland and Graham, and all who know my past condition are aware of what extent I have been benefited."

"I had headache, noise in my ears, my nose felt sore and had a constant discharge and dripping in my throat, and a filled up sensation in the morning. My food seemed to do me no good and my heavy on my stomach, causing it to block and pain me constantly, and I had a bad taste in my mouth on rising in the morning. My bowels were in such a bad condition that I was in discomfort all the time. I felt dull and languid in the morning, felt worse than when I went to bed. I felt miserable most all the time and despaired of ever being any better, as I had been treated by the best physicians in the city, for the past four or five years without any benefit at all."

"I do not feel the same man that I was when I first went to Dr. Copeland and Graham, for they have helped me in every particular, and I found my case progressed just as they promised. I feel so grateful for what they did for me that I would like to see all sufferers go to them, as they have fulfilled their word in every particular in my case, and I have found them courteous, skillful and honorable in their dealings with me and others whom I met there."
